

Submittal Reviews Conducted between 01/01/07 and 12/31/07.

Submittal Reviews represent compliance evaluations that are based on the review of materials submitted to the Department.

The Department anticipated and planned for the vast majority of these activities, which typically originate from known regulated sites. Submittal Reviews are almost always limited to a single program's regulations and generally pertain to a specific regulation. Submittal Reviews are counted on the date of the review which may vary greatly from the date a submittal was due or received.
