

# Details of Sites Participating in a Particular Stewardship Activity

## 9) Mentoring To Other Businesses

(sorted by Site Name)

The New Jersey Department of Environmental Protection provides stewardship information in order to acknowledge and therefore encourage voluntary actions that result in a positive benefit to the environment.

**Results as of 02/02/2012**

**Number of Sites: 27**

NOTES: (1) DATA - Regulated sites are surveyed about stewardship activities in 21 possible categories addressed in checklist questions numbered 3 to 23. Sites surveyed prior to the report date may not be listed here due to ongoing review related to site complexities. When review is complete a certificate will be issued to the site and it will be listed in the next published report. (2) SOURCE: The information in this report was recorded by enforcement personnel as part of compliance assurance activities. Ensuring compliance remains a primary function of DEP staff who collect the data. Compliance concerns do not automatically disqualify a site from receiving recognition for stewardship, but the Department reserves the right to exclude habitual or egregious violators. Full results of DEP compliance assurance activities including any non-compliance can be accessed through separate reports found here: [http://datamine2.state.nj.us/dep/DEP\\_OPRA/EnfActivityDetails.htm](http://datamine2.state.nj.us/dep/DEP_OPRA/EnfActivityDetails.htm) (3) DATA QUALITY/VALIDITY: Limitations on the investment of resources to verify and document stewardship means that the level of confidence in stewardship information is lower than that for compliance information which must support cases before a court of law. The Department may take under advisement input from third parties regarding the validity or accuracy of stewardship information at listed sites. Email concerns to [stewardshipdata@dep.state.nj.us](mailto:stewardshipdata@dep.state.nj.us). Messages should identify the report, site name and ID, and specific data elements in question as well as the basis for concern or disagreement. Site representatives with concerns about their own data should report these first to their inspector.

**Stewardship Activity:** 9) MENTORING TO OTHER BUSINESSES - Does the site offer mentoring of an environmental nature to other businesses? If yes, describe mentoring program and any available contact information the site can provide.

41959	14453	SUMMIT PROPERTY CO	556 MORRIS AVE, SUMMIT, NJ 07901	3/16/2011	Summit Property/ Merck formed an Energy Team whose members deliver several presentations of their energy conservation program at their site to other Company representatives at conferences organized by the Chemistry Council of NJ; The Pharmaceutical Maintenance Operations Network; The Union County 'Go Green' Conference; and The NJ Pharma and Food Energy Committee. The presentations given by the Energy Team from Summit Property/Merck to their peers at these conferences emphasized the need to conserve as the most effective way to reduce emissions and to apply renewable energy sources. Through these conferences, the Energy Team was able to relay energy conservation ideas and promote green house gas reduction ideas to their peers. Also, Summit Property/Merck's Energy Team arranges on-site tours for their peers from Astra Zeneca and NJ Pharma and Food Energy Committee to come to the site and to take a tour of the Company's Chiller Plant Optimization Project.
41959	14453	SUMMIT PROPERTY CO	556 MORRIS AVE, SUMMIT, NJ 07901	5/21/2009	Schering-Plough's Summit facility formed an Energy Team whose members deliver several presentations of their energy conservation program at their site to other Company representatives at conferences organized by the Chemistry Council of NJ; The Pharmaceutical Maintenance Operations Network; The Union County 'Go Green' Conference; and The NJ Pharma and Food Energy Committee. The presentations given by the Energy Team from Schering-Plough to their peers at these conferences emphasized the need to conserve as the most effective way to reduce emissions and to apply renewable energy sources. Through these conferences, the Energy Team was able to relay energy conservation ideas and promote green house gas reduction ideas to their peers. Also, Schering-Plough's Energy Team arranges on-site tours for their peers from Astra Zeneca and NJ Pharma and Food Energy Committee to come to the site and to take a tour of the Company's Chiller Plant Optimization Project.
NJF00010 5437	37249	VEOLIA ES TECHNICAL SOLUTIONS CORP	1 EDEN LN, FLANDERS, NJ 07836	3/5/2009	Veolia Env. Services provides hazmat training updates to vendor transportation companies. For example on October 31, 2008, Veolia Env. Services, Flanders, held a morning training meeting for outside companies addressing the changes in Electronic Recycling and the new RCRA Electronic Manifesting Program.
NJF00010 7129	14835	VES ES TECHNICAL SOLUTIONS CORP	125 FACTORY LN, MIDDLESEX, NJ 08846	9/15/2009	Veolia Env. Services provides HazMat training updates. An outside company meeting is held yearly for updated issues that affect the environment.
26704	406365	WYNDHAM WORLDWIDE CORPORATE HEADQUARTERS	22 SYLVAN WAY, PARSIPPANY, NJ 07054	2/18/2010	The facility shares its env. best practices, particularly in the area of green building, by hosting green tours/information sessions for interested professionals. As an example, Wyndham hosted the USGreen Building Council annual gala in 2009, which drew 300 professionals, to their facility to learn about Whyndham's env. best practices/green building techniques.

# Details of Sites Participating in a Particular Stewardship Activity

## 9) Mentoring To Other Businesses

(sorted by Acknowledged Date)

The New Jersey Department of Environmental Protection provides stewardship information in order to acknowledge and therefore encourage voluntary actions that result in a positive benefit to the environment

### Results as of 02/02/2012

Number of Sites: 27

NOTES: (1) DATA - Regulated sites are surveyed about stewardship activities in 21 possible categories addressed in checklist questions numbered 3 to 23. Sites surveyed prior to the report date may not be listed here due to ongoing review related to site complexities. When review is complete a certificate will be issued to the site and it will be listed in the next published report. (2) SOURCE: The information in this report was recorded by enforcement personnel as part of compliance assurance activities. Ensuring compliance remains a primary function of DEP staff who collect the data. Compliance concerns do not automatically disqualify a site from receiving recognition for stewardship, but the Department reserves the right to exclude habitual or egregious violators. Full results of DEP compliance assurance activities including any non-compliance can be accessed through separate reports found here: [http://datamine2.state.nj.us/dep/DEP\\_OPRA/EnfActivityDetails.htm](http://datamine2.state.nj.us/dep/DEP_OPRA/EnfActivityDetails.htm)

(3) DATA QUALITY/VALIDITY: Limitations on the investment of resources to verify and document stewardship means that the level of confidence in stewardship information is lower than that for compliance information which must support cases before a court of law. The Department may take under advisement input from third parties regarding the validity or accuracy of stewardship information at listed sites. Email concerns to [stewardshipdata@dep.state.nj.us](mailto:stewardshipdata@dep.state.nj.us).

Messages should identify the report, site name and ID, and specific data elements in question as well as the basis for concern or disagreement. Site representatives with concerns about their own data should report these first to their inspector.

**Stewardship Activity:** 9) MENTORING TO OTHER BUSINESSES - Does the site offer mentoring of an environmental nature to other businesses? If yes, describe mentoring program and any available contact information the site can provide.

37400	BURLINGTON CNTY RESOURCE RECOVERY COMPLEX	21939 COLUMBUS RD, AKA BURLINGTON COLUMBUS RD MANSFIELD, NJ 08022	6/19/2008	The Burlington County Division of Solid Waste Management provides mentoring services to local, county and state agencies within the United States, international organizations and the private sector, in a number of areas, including bioreactor landfill technology, production of biomethane transportation fuel, composting of biosolids, recycling of traditional (wood, brush, fires, scrap metal, etc.) and non-traditional materials (mixed rigid plastics, carpet, consumer electronics, drywall) and the management of household and conditionally exempt small quantity generator hazardous waste.
14548	NJ ROWAN UNIVERSITY	201 MULLICA HILL RD, & ROWAN BLVD GLASSBORO, NJ 08028	5/30/2008	Rowan lead in the establishment of the NJ Small Wind Working Group & the NJ Anemometer Loan Program which provides free wind assessments to interested NJ farms, businesses and residents and provides free (or low cost) energy analyses to farms needing this for US/NJDA funding. Rowan established the state's most active website resource and telephone hotline to assist NJ farmers, residences, and small businesses interested in information on smart use of their natural resources and energy. The College of Engineering is a recognized leader in environmental and clean energy related research and regularly holds symposia open to the public.
14667	CAMDEN CNTY MUA DLWR #1 STP	200 JACKSON ST, & 2ND AVE CAMDEN, NJ 081011432	5/14/2008	CCMUA has been asked by the EPA to present their Environmental Mission Statement and its implementation strategies to other wastewater facilities; presentations have been made by the Deputy Executive Director at conferences as follows: March 2007 in Atlanta, GA, June 2007 in Dallas, TX, October 2007 in San Diego, CA, December 2007 in Hartford, CT, March 2008 in Tampa, FL, and April 2008 in Philadelphia, PA.
14639	EMD CHEMICALS INC WINSCONSIN PHARMACAL	480 DEMOCRAT RD, GIBBSTOWN, NJ 080270070	4/22/2008	Company conducts Community Outreach to local school.
51265	CAPE MAY CNTY ROAD DEPT	4 MOORE RD, CREST HAVEN COMPLEX CAPE MAY COURT HOUSE, NJ 082101654	4/17/2008	provides assistance to other municipalities to address stormwater compliance
14466	ORTHO CLINICAL DIAGNOSTICS	1001 RT 202, RARITAN, NJ 08869	3/24/2008	Ortho Clinical Diagnostics attends a minimum of approximately 25% of the monthly meetings of the Somerset County Business Partnership. The most recently attended meeting was June 10, 2008.
5570	MIDDLESEX CNTY ROAD DEPT COMPLEX	GEORGES RD & APPLE ORCHARD LN, AKA RT 130 & APPLE ORCHARD LN NORTH BRUNSWICK TWP, NJ 08902	2/29/2008	The Agency has been mentoring other smaller towns by sharing their services with them. Examples of what they are sharing include: The car wash bay facility, the bio-diesel fuel, the salt domes (they allow smaller towns to house their salt in their facilities), and they do street sweeping for smaller towns.
22656	ENERGY KINETICS INC	51 MOLASSES HILL RD, AKA 103 MOLASSES HILL RD CLINTON TWP, NJ 08833	2/28/2008	Provide training to vendors
15822	STONY BROOK RGNL SEWER AUTH RIVER ROAD STP	290 RIVER RD, PRINCETON TWP, NJ 08540	2/20/2008	Other Facilities, Agencies and Organizations tour SBRSAs, including NJDEP, Hamilton Township STP Employees, and Wastewater Operator Classes. The operations and maintenance of the facility serve as a proper example of O&M as it positively impact on effluent water quality, solid waste handling and incineration of biosolids.
40321	ANADIGICS CO	141 MT BETHEL RD, BLDG 141 WARREN TWP, NJ 07059	1/22/2008	Developed training/seminars with New Jersey Water Environment Association on Industrial Wastewater Management topics including the chemiadsorption for metals removal.
15871	MANNINGTON MILLS INC	75 MANNINGTON MILLS RD, & RT 45 MANNINGTON TWP, NJ 08079	8/14/2007	Offering assistance to other businesses mostly in relation to LEED & green buildings but may provide some general information or assistance regarding EMS &/or other environmental program elements Contact Dave Kitts (856) 339-5871 Significant assistance offered to customers seeking to achieve green building certification.

**Details of Sites Participating in a Particular Stewardship Activity**  
**9) Mentoring To Other Businesses**  
 (sorted by County)

The New Jersey Department of Environmental Protection provides stewardship information in order to acknowledge and therefore encourage voluntary actions that result in a positive benefit to the environment.

**Results as of 02/02/2012**

**Number of Sites: 27**

NOTES: (1) DATA - Regulated sites are surveyed about stewardship activities in 21 possible categories addressed in checklist questions numbered 3 to 23. Sites surveyed prior to the report date may not be listed here due to ongoing review related to site complexities. When review is complete a certificate will be issued to the site and it will be listed in the next published report. (2) SOURCE: The information in this report was recorded by enforcement personnel as part of compliance assurance activities. Ensuring compliance remains a primary function of DEP staff who collect the data. Compliance concerns do not automatically disqualify a site from receiving recognition for stewardship, but the Department reserves the right to exclude habitual or egregious violators. Full results of DEP compliance assurance activities including any non-compliance can be accessed through separate reports found here: [http://datamine2.state.nj.us/dep/DEP\\_OPRA/EnfActivityDetails.htm](http://datamine2.state.nj.us/dep/DEP_OPRA/EnfActivityDetails.htm)

(3) DATA QUALITY/VALIDITY: Limitations on the investment of resources to verify and document stewardship means that the level of confidence in stewardship information is lower than that for compliance information which must support cases before a court of law. The Department may take under advisement input from third parties regarding the validity or accuracy of stewardship information at listed sites. Email concerns to [stewardshipdata@dep.state.nj.us](mailto:stewardshipdata@dep.state.nj.us).

Messages should identify the report, site name and ID, and specific data elements in question as well as the basis for concern or disagreement. Site representatives with concerns about their own data should report these first to their inspector.

**Stewardship Activity:** 9) MENTORING TO OTHER BUSINESSES - Does the site offer mentoring of an environmental nature to other businesses? If yes, describe mentoring program and any available contact information the site can provide.
